OTHER CROSWELLS

THOMAS CROSWELL.

Copied from History of Farmington (Maine), by Thomas Croswell, Farmington, ME.

"The family of Croswell is proud to trace it's lineage from most honorable ancestry. Andrew Croswell the grandfather of Thomas Croswell was a graduate of Harvard College in the Class of 1728. He was ordained as a Congregational minister and was first settled in Greeton, CT. In 1748 he came to Boston. At that time religious feeling and controversy ran high. George Whitefield was in the country and his preaching was a rock of offence to the conservatives of the standing order. Croswell espoused the cause of Whitefield and his friends were sufficient to organize a church for him which they did in Feb. 1748. The services were held in the building of the French Protestant Church on School Street and the Church was known as the School Street Church, one of the famous Revolutionary pulpits of Boston. The church however dissolved at Croswell's death on April 12, 1785. Mr. Croswell is described as a stalwart Calvinist, a deadly foe to Arminianism and to new lights of every kind always disputing with ministers and usually with those that came nearest to his way of thinking.

He published several occasional sermons. His son Andrew Croswell Jr. was a goldsmith at Plymouth, MA. He had his shop out a few steps from the spot made memorable by the landing of the Pilgrims. Here were born eleven children among whom were Dr. Andrew Croswell of Mercer, ME, Dr. Samuel Croswell of Paris, ME, Thomas Croswell and Abigail, wife of Zachariah Soule. Mr. Croswell died in 1791 leaving a dependent family. His widow Sarah Croswell soon moved to Falmouth, MA, her native place.

Thomas Croswell the youngest of the eleven children of Andrew and Sarah Croswell was born in Plymouth, MA, April 1791. He moved with his mother to Falmouth after his fathers death. When about fifteen years old, he came to Paris, ME, where for a year or more he lived with his brother Samuel. Later he came to Mercer where his brother Andrew was established as a physician and there after the war of 1812, he began his career as a merchant. In 1816 he came to Farmington Falls and there was in active business for nearly fifty years, probably a longer business career than any other man has had in the town. Mr. Croswell was fully identified with the interests of Farmington Falls and did much to make it prosperous. He was thereby respected among the townsmen and left an unblemished reputation. He died January 6, 1879. Mr. Croswell married October 14, 1821, Mary, daughter of James Gower. She was born September 13, 1801.

There were nine children, Mary Gower born January 26, 1823, married John T. Gower and resides in Los Angeles, CA. Sarah P. born August 19, 1824 and died December 23, 1841. Thomas born November 23, 1825, entered his father's store when a lad and has always identified himself with the business. He succeeded to the business in 1866 and had a successful life. IN 1872 and 1873 he represented the town in the legislature. He married October 22, 1861 Harriet J. Taylor who was born in Danvers, MA September 10, 1830. Andrew Croswell born December 18, 1827 and went west in early life and was for a time in California and Minnesota. Returning to Farmington Falls he entered the trade with his brother. He married at Monticello, MN, October 1, 1869, Mary L. born April 17, 1873.

Susan G. born October 6, 1829 is in business at Farmington Falls. Henry James Gower Croswell born May 28, 1831 married July 7, 1860, Hannah J. Robbins, born May 25, 1841. He is a Congregational minister and has labored chiefly in IL and CA. Elizabeth B. born March 18, 1875, has been a teacher many years. Hannah Francis born November 30, 1838 died July 30, 1841."

From Mrs. Dorothy M. (Croswell) Ernst:

Our family lived either in CT, or NY State, one branch was said to have moved to SC.

Our great-great-grandfather was Archibald Croswell 1781-1856 M-to Hannah Paige 1791-1852. Our great-grandfather was Kellogg Croswell and our grandfather was Alonzo P. Croswell.

According to our records, our family is descended from five Croswell brothers who came from England, then to Hartford CT, then to Gilboa, NY. They were, Thomas O'hara, Mackay, Caleb, Harry and Archibald.

There is a record of a William Croswell born in 1676, father Thomas Croswell, however this William died at 14.

Our parents, were Ward and Verna Croswell, both deceased, they came to MI from NY State and settled in the Upper Peninsula. There were seven Children: Celia Croswell, Francis Croswell, Richard Croswell, Dorothy (Croswell) Ernst, Robert Croswell, Ward Croswell and Eugene Croswell.

From Volney Robbins Croswell, Jr., Boston, MA, 1980.

Dr. Andrew Croswell, considered the patriarch of the Northeast branch of the family, was the third of that name. His father was a gold and silver smith at Plymouth; his grandfather, Andrew, was a well known "radical Minister" of Boston. The oldest Andrew was the third son of Caleb of Charleston, MA who in turn was the only son, who survived to adulthood, of Thomas who arrived reportedly from Staffordshire, England about 1655 although record has been found of his family in England.

In the years between his retirement and his death my father researched and wrote a book entitled "Some Descendants of Thomas Croswell." It has been edited and organized by Maxwell Emerson of

Memphis, TN., who added a section entitled "Allied Families." I published it in 1976. It is an interesting and well written book which goes into character as well as dates and places. However it covers only the NE branch and some of the Catskill branch in any detail. The only mention of the South Carolina branch follows:

"Until recently Croswell was the name of a small town on the Southern Railway outside Greensboro. Charles Whittier in his Stimpson Family states that some descendants of Thomas 3 Croswell (Caleb 2, Thomas 1) probably went to South Carolina from their home in Connecticut. William Street of Charleston, SC traced his lineage to Thomas 1 through Mary 4, daughter of Thomas. It is a possibility that her brother Thomas 4 migrated with her as nothing is known about him after his birth."

It is a possibility that the various branches of the family are not related, at least in this country.

The book can be order from Mr. Volney Croswell.

GILBERT CROSWELL

Gilbert Croswell established his family in South Carolina in Sumter County around the same time John Croswell established his family in Richland County. He may have migrated from North Carolina, as there is a Gilbert noted there earlier, or perhaps his father had the same name and lived in North Carolina. We did not pursue his line to any great length to come to any definite conclusion.

The claims for veterans of the American Revolution do list a Gilbert Croswell of South Carolina. The earliest land patent for a Gilbert Croswell is noted in Volume 6 page 454 of the State of South Carolina Land Grants, where a he pays 8 pounds, 3 shillings for 350 acres situate in the Camden District on a prong of the Black River; dated 5 Sept 1785. He obtains other land grants in 1798 and 1800, and ultimately appears to amass quite a bit of land. He and his decendants also had many slaves, so were probably fairly well to do land owners. Based on Wills and land deeds, he married Lucy Atkinson Fort, she having previously been married and having one son named Wiley. She is further found to have a sister Sylvia Spight in Georgia, whom she willed her slaves. Gilbert had four children known, possibly more, probably not by Lucy, as the 1800 census shows a one male over 45, two males 10-16 and two males 16-26, but no females. Gilbert died around 1810, while Lucy died after 1910. His descendants appear to almost all have stayed in South Carolina.

- (2) John Croswell. Born 1785. Married Sarah Kennedy (b.1790). Children Amanda, David, Wyley D. (maybe same person as David, L.S.(?), John, Elizabeth, M.K.

- (2) William Croswell. Born 1788. Married Sarah ? (maybe Singleton). Children Winny, Martha, Sarah, William J., Abigail, Gilbert, Pathrine L., Elizabeth J..

The above information is based on land deeds and census records.

I also found some records on a Gov. Charles M. Croswell who held office from 1877 to 1881. He was born in 1825 at Newberg, NY. He was the son of John and Sally (Hicks) Croswell. He was orphaned at age seven and raised by a maternal Uncle and Aunt, Daniel and Mary Hicks. They moved to Adrian, MI in 1837. He died in 1886.

There was a governor of Michigan by that name and father went to see him but he was away. There also was a Gov. Croswell of VA, several editors and preachers. Still we have another Englishman, in England (The R.T. Reverend Croswell Doan) a great preacher. His mother was a Croswell."

VARIOUS FAMILIES

From William L. Croswell, of Chicago, IL.

I know very little about my parents and grandparents. My father was Arthur Croswell, born in San Fuegos, Cuba in 1893. He died in 1940. He had 2 brothers, Eustace, the other I do not recall his name. My mother was named Lena O'Bannon. Her mother's parents were from Mississippi. She died in 1928, and her mother the year before. My grandfather, William Croswell, don't know if he reached this country.

From Harry V. Croswell, of Lake Forest, Illinois 1980.

My link goes from Ohio to Maryland to Virginia to South Carolina (1750). Thomas Croswell #4, 1732 and his sister Mary left Charlestown, MA and went South (I think) and would have ended up in South Carolina. There are people in South Carolina who have traced their lines back to Thomas Croswell's #1 wife.

From Wynton S. Croswell, Mt. Carmel, IL, 1980.

Most of my family are from Junction City, AR. Mother and Dad are buried close to Junction City.

From William L. (Sonny) Croswell, Mooringsport, LA, 1980.

All I know of the Croswell's is my father was Lawrence B. Croswell and his father was Bascom Croswell. I never actually knew my father's family. I am interested in any information on the Croswell name. I do not know where my father's family was from. They lived in Hahnville, LA in the 1940's. Lawrence Croswell was probably born around 1920 to 1925.

CHAPTER TWENTY

EPILOGUE

This completes all the information I currently have as of the printing the book. Genealogy by nature continuously changes, so such a book can never be "complete". Below is some information that was found late or information that just did not fit into any previous area. The subsequent chapter contains the pictures, and copies of some original land deeds, licenses, etc. If any one reading this book should find more information on the families contained in this book, please contact:

Some extra Croswell Information:

James Croswell came to Canada from England in 1842. His grandson lived in Washington State, USA, in 1983

Nimrod Croswell of Waverly, TN in 1850 shows being born in North Carolina in 1765. I believe at that early date North and South Carolina were together as one state. (NORTH CAROLINA)

Thomas Croswell came from England to Maryland USA about 1655.

Roger Croswell came from London, England on September 19, 1683 to Maryland, USA. He came over on the ship, Richard and Elizabeth. The captain of the ship was named Nicholas. Roger was 32 years old and signed up for 4 year tour of duty.

Hanna Croswell age 22 came to America as a servant of Nathaniel Hughes on April 22, 1704. She signed up for 4 years service. She came over on the ship named Ye Great Elizabeth. She came from Liverpool, England.

Verla Croswell said Duckworth families came from Mecklenburg, North Carolina to Ashley County, AR about 1810.

The family of **John Henry & Alma Redding**

From Kathleen Pierce Johnson, Crossett, AR (granddaughter) (information not verified, REC)

John Henry Redding was born 11 Nov 1861 in Leake County, MS and died 25 Mar 1937 in the home of his daughter, Mrs. Steve (Kate) Treanor, Mer Rouge, LA. He was the only child of John F. "Johnny" Redding, who was killed in the Battle of Shiloh at Prairie Grove, 7 Apr 1862. He served in CSA as a Pvt, Company D, 37th Arkansas Infantry. His mother Effie Evaline Jolly born ca. 1843 in Mississippi. She married then to Garland Watkins Burt (born ca. 1820), a teacher, farmer, and preacher. He was first pastor of Ebenezer Primitive Baptist Church, located one half mile southeast of Kosciusko, MS, and it is still an active church. He also served as a private, Company K, 4th Infantry in CSA from Aug 1861 to 1862. A part of this time he served as a steward or ward clerk in hospital in Florence, AL, and received 25 cents extra pay for this duty. Evaline and Garland had at least these children: Thomas, Mary, James B., Hannah, Mary Elizabeth, Margaret Garland, Naomi, Nancy (Nannie), Lula Mildred.

John Henry Redding is listed in the census of 1880 of Attala Co., MS, in the household of John W. Gilbert and his wife Charlotte. He married their youngest daughter, Alma ca. 1883. The community where she was born in Attala County was called Possum Neck. She was born 27 Sep 1866, and died 6 May 1935 in her home in Bastrop, LA. She and John Henry are buried in Lakeside Cemetery, Crossett, AR.

On May 16, 1899 the Crossett Lumber Company was formed. Sometime between 1899 and 1901 John Henry had visited his sister Mary Herrington and found a "boomtown". Jobs were for the asking, housing was tents, logging with oxen and the latest in sawmill equipment. (Mary and her family lived about one half mile from Crossett). So, in December 1901, John and Alma took their family on an arduous journey from Kosciusko by train to Greenville, MS, then crossed the Mississippi River by ferry, then continued by train to

Crossett, AR. All of their children made the trip with them. Their names: Geneva, Mattie Pearl, Anabel (Bell), Kate Estelle, Emily (Emma) Mae, Louis Edward, Leo Evie, Percy Temple, John Robert; friends traveling with them were Bob Woods and Lige Croswell. John Henry's brother-in-law met them on a rainy, cold day in December. Zack and Mary (Herrington) children were: Grace, Zell, Hattie, Lucy Bell, and Morris.

John H. and Alma lived with them until they found a place to live. They homesteaded twenty acres of land which is now a part of South Crossett, AR. There is still a plot of land called Redding Field near Williams Avenue. The Company was beginning to build more permanent housing. John H. bought lumber that had been used for walling and flooring of the tents to build a house for his family. All homes of the period had the barest necessities but this house was to be a bit special---he built an extra large room upstairs for the girls. Alma always loved flowers and had pot plants and a flower garden.

They had three other children after moving to Crossett: Fred C., William Davis, Effie Lottie. Three of their children are living as of April 1987: Leo, Kate, Effie.

They loved children and made each grandchild feel special. It was always so much fun to go to Grandma and Grandpa's house when there were lots of cousins visiting too. There would be pallets everywhere but there were no complaints about being uncomfortable. There are many grandchildren in Ashley County, AR, as well as Louisiana and Michigan.

Thought you might be interseted in a letter my son Billy Jack Croswell received from Frank Croswell, Edgardale, Johannesburg, South Africa a few months ago. He found Bills name in the ASDT members catalog. (paper mill business) He wrote that he was interested because his last name was Croswell. Said he was a Ironing Manager like Bill. He wrote: My father Thomas and my uncle James Croswell came to South Africa, in 1930. They came from Warren Point in North Ireland. My father had twin sons James and myself, my uncle had no children. We are the only Croswell family in South Africa. My father spoke of some of his cousins and other relatives having emigrated to the USA. I would be interested to hear if you could possibly be related to us in any way. He told about his job. The letter was signed Frank Croswell
